

## **BUS ARRIVAL INSTRUCTIONS FOR YOUTH CONCERTS**

### **(9:45 a.m. and 11:00 a.m. concerts are each 45-minutes in length)**

Failure to follow these specific instructions **will delay your arrival and departure**. All busses are required to first go to the registration area before proceeding onto the concert hall. Nearly 3,000 students will be attending these performances each day and we thank you for making this a good experience for them. Should you get lost or stuck in traffic, and consequently will be late to the performance, please call the Pacific Symphony office at (714) 755-5788 and let the receptionist know.

#### **Prior to your concert:**

- 1. Busses for the 9:45am performance should arrive at the registration area at 8:45am**  
**Busses for the 11:00am performance should arrive at the registration area t 10:00am**
- 2. Drive to the registration area (all busses must go here first-no exceptions; see map below)** Approach Sunflower Avenue from Bristol. Turn left (west bound) onto Sunflower Avenue. Then turn left on Bear and head south. Turn left on into the South Coast Plaza Entrance just before the 405 overpass. The signal's street sign is labeled "Metro Place/South Coast." Look for the Pacific Symphony Volunteer directing traffic in a neon vest for specific directions.
- 3. Receive instructions from a volunteer (do not unload at this time).**
- 4. When instructed, proceed to the unloading area and unload when told to do so** (do not arrive at the unloading area until you have been to the registration area; see map below for directions) Once a volunteer has given you information, proceed to exit South Coast Plaza; turn right on Bear, right on Sunflower, go past Bristol and turn right on Park Center Drive and then follow instructions from Security. Unload as directed.
- 5. Bus drivers** for the 9:45am show then immediately **go and park their bus** in the dirt lot or however OCPAC security instructs them to do so. Bus drivers for the 11:00am show may go park on the dirt lot at 11:20am (they may park back in the registration area until then if they wish).

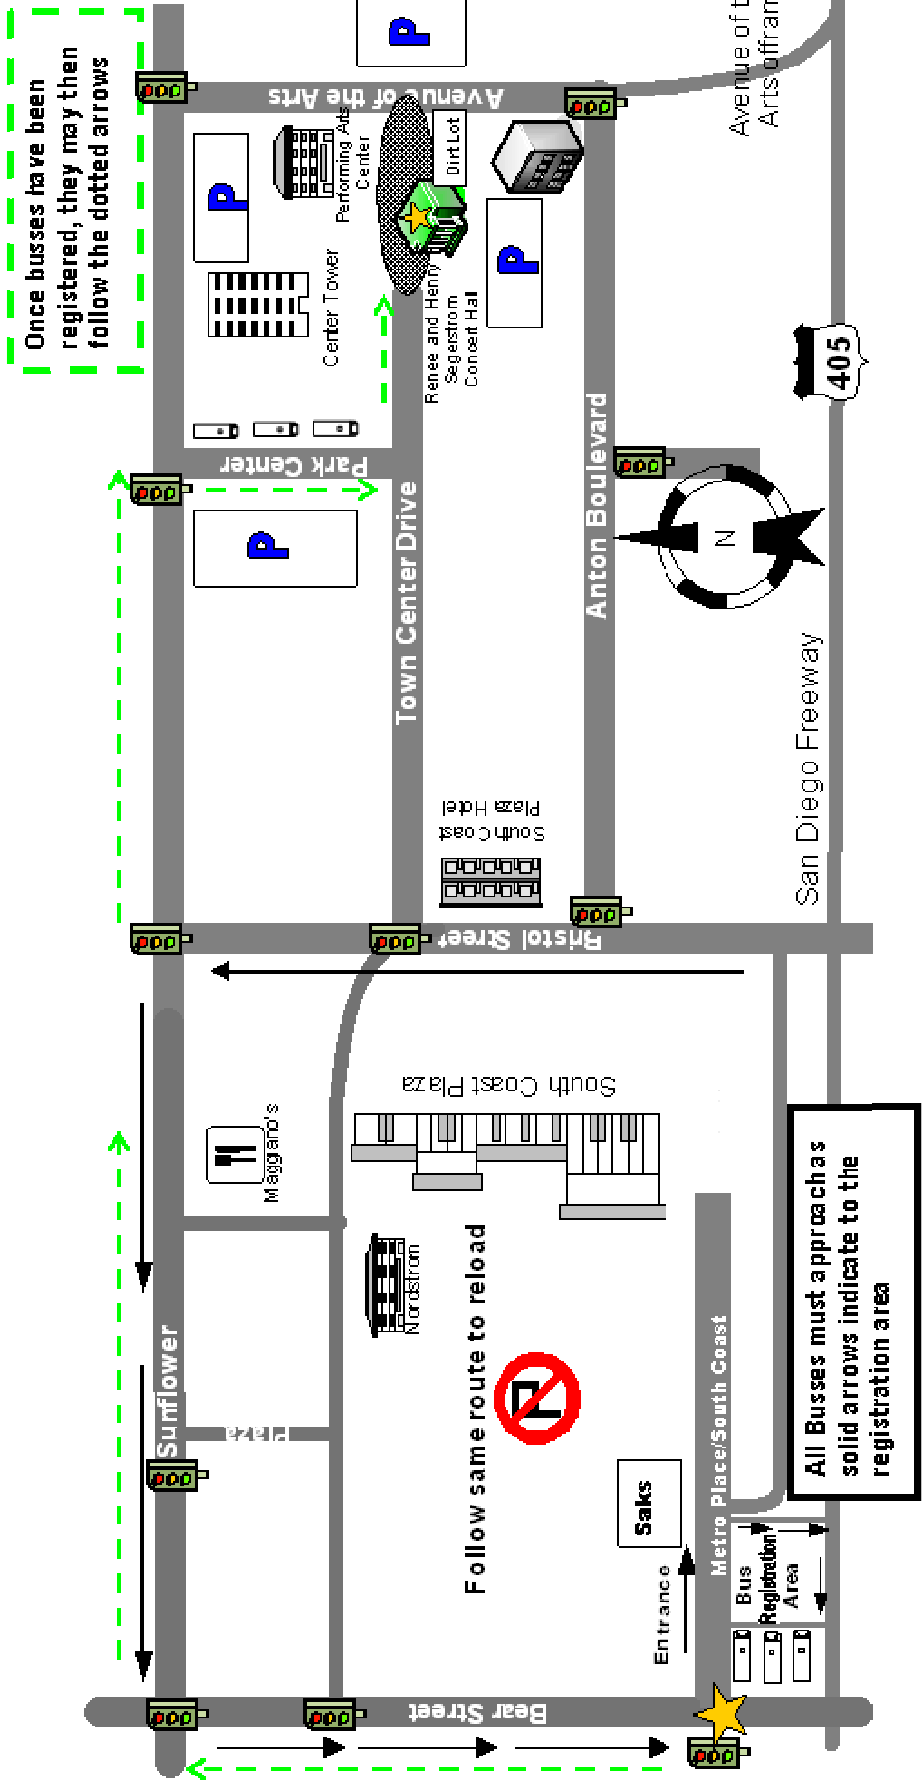

#### **After your concert:**

- 1. Bus drivers are to park on the dirt lot and then get out of their busses** and gather on the plaza in front of the concert hall.
- 2. Teachers and bus drivers watch for each other during the exiting process** (we highly recommend having the drivers hold some sort of identifying sign especially since some bussing companies will send a different driver for pick up.)
- 3. Bus drivers take the groups and load their busses.** Busses exit the dirt lot once instructed to do so by OCPAC security.

#### **Please keep the following in mind:**

- In addition to giving these instructions to every bus driver for your school, it is strongly recommended that **one teacher on each bus** have a copy of the driving directions.
- **Know how to connect back with your bus driver** with some sort of identifying sign (especially if your bussing company will be sending a different driver to pick you up).
- You may not park on Avenue of the Arts, Anton or other streets during the performances.
- Bus driver must remain in bus at all times during the drop-off. While parked and unloading, *please turn your engine and headlights off.*
- Bus parking in South Coast Plaza registration area is allowed, but not other area shopping centers.

**Cars and Private Vehicles – Both Concerts:** There is no street parking. There are 4 parking structures available for use (see map). Fees range from \$6-\$20. Please give this sheet to each driver in your group. Once parked –come to the front door of the concert hall and let a volunteer (dressed in black and white) know your **color seating section**.

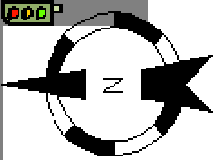

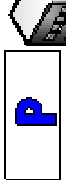

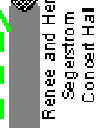

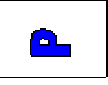

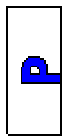

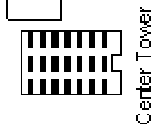

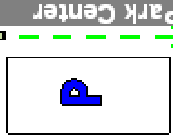

Once busses have been registered, they may then follow the dotted arrows

Follow same route to reload
