

## Lantern Festival Orchestra Recording Submission Form

### RECORDING INSTRUCTIONS

- 1) Submit an audio or video recording of yourself playing the short application excerpt for your instrument, provided [here](#). **The purpose of submitting these recordings is not to play them perfectly, but to demonstrate your current level of ability.** While we encourage applicants to practice these excerpts as you're able, we will accept applicants based on potential to follow the learning pace of the program.
- 2) The recording should be unedited and created on a device that you have access to (i.e., phone, tablet, etc.). **These do NOT need to be professional recordings.**
- 3) The recording can be submitted on CD, DVD, as audio files (e.g., .mp3, .mp4) via email, or via internet link (e.g., YouTube, Vimeo, Dropbox, Google Drive, etc.).
- 4) Recordings should be clearly labeled with your full name in the file name.
- 5) CDs and DVDs will not be returned.
- 6) If you are unable to create a recording of yourself, please contact us and we will work with you to find an alternative solution.**
